## RED DRIVE IN KOREA MAY BE NEAR

### Departure Plans Changed Some By MacArthur

Now Expects To Reach United States On Tuesday Morning

By HOWARD HANDLEMAN  
(U. N. S. Staff Correspondent)

TOKYO, April 14.—Gen. Douglas MacArthur was completing preparations today for his return to the United States and was expected to receive an unprecedented call from Emperor Hirohito before leaving Monday morning.

The five-star American general—abruptly relieved of all his commands by President Truman—plans to receive Hirohito tomorrow for the eleventh and last time.

American and Japanese sources refused to confirm the information about Hirohito's visit but qualified observers predicted the Japanese emperor will ignore protocol and bid a personal farewell to MacArthur.

#### To Receive Hirohito

International News Service was told that MacArthur has reserved a half-hour Sunday to receive Hirohito.

An authoritative source told International News Service that MacArthur has not scheduled a meeting with John Foster Dulles, State department adviser, who is arriving in Tokyo Sunday night. Dulles is drawing up plans for a Japanese peace treaty.

After a week of dull, dismal, dreary weather, city and county residents are looking forward to more pleasant weather with which to start the week. Promises of more pleasant weather over the next few days have been made by district weather forecasters, much to the delight of the citizenry who have been waiting to get out and dig in the garden spot.

Four Friday the thirteenth boys were born in local hospitals, while only one young lady made her appearance on the local scene on that day, reports from the hospitals reveal. Three of the young gentlemen were born at the James Memorial hospital while the fourth male arrived at the New Castle Hospital. The latter institution boasted the only girl baby on that day.

Highway department watchmen at the north and south ends of the large portion of sunken highway near Moravia on Route 18, are daily on the receiving end of hundreds of questions as curious motorists approach the scene to take a look at the gaping cavity in the highway. Hundreds of feet of motion picture and still film is being shot at the sight to make those never to be forgotten "shots."

Two weeks from tonight, the nation's general will make the switch over from slow time to daylight time. While the change will affect most residents, clocks of state and federal institutions will not be changed due to a law forbidding the moving of the hands to other than the time used in that particular zone.

### Removal Of Gen. M'Arthur New York Plans Surprise To Army Secretary For Reception To MacArthur

TOKYO, April 14.—(INS)—Army Secretary Frank Pace, Jr., declared today just before leaving Tokyo for Manila that he had no advance knowledge of President Truman's removal of General MacArthur from the Far East Command.

Pace said he discussed nothing with MacArthur except purely military matters connected with immediate Korean war problems. The youthful Army secretary and MacArthur conferred last Monday night in Tokyo.

**Gave No Warning**  
Of the dismissal of MacArthur, Pace said:

"I did not know myself. I gave MacArthur no warning."

Pace left for Manila to continue his tour of the Far East which took him to the Korean war front. (The Army secretary arrived at Manila's international airport at 8:05 p.m. (6:05 a.m. EST) and refused to make a statement. He is scheduled to confer with President Elpidio Quirino and Filipino army authorities Sunday morning.)

In a formal statement Pace asserted that American troops have high morale and are "a great fighting organization."

He called Lt. Gen. Matthew B. (Continued on Page Two)

### Disabled Plane Gets Back To Safe Landing

BOSTON, April 14.—(INS)—A four-motored transport with one engine disabled and another threatening to go at any minute today landed safely at Logan airport with its crew of eight after a harrowing 3½ hours in the air.

Coast Guard PBV planes from the Salem and Quonset, R. I., bases went aloft when the transport's pilot first radioed a distress call and flew as protective escort for the stricken ship until its wheels touched ground.

The Coast Guard identified the plane as "craft No. 90407, U. S. Overseas Airline" and said it had taken off from Wildwood, N. J., for Gander, Newfoundland, on the first leg of a trans-Atlantic flight.

The ship developed engine trouble near Yarmouth, N. S., and turned back. The pilot and crew were whisked away from the Boston airport by customs officials as soon as they landed.

The plane reportedly was en route to Iran with a cargo of two disassembled small planes for use in spraying crops now being plagued by locusts.

### San Francisco Plans Welcome For MacArthur

Hero's Welcome To Be Accorded General On Arrival Tuesday

SAN FRANCISCO, April 14.—(INS)—San Francisco virtually completed plans today to give Gen. Douglas MacArthur a rousing hero's welcome when he steps down on the American mainland for the first time in 14 years Tuesday.

A slight revision was made in the time schedule for the welcome to make it conform to the general's revised travel schedule.

Original plans had called for MacArthur's personal airplane the "Bataan," to land at the San Francisco Airport late Monday. This was later changed to sometime Tuesday, probably before noon, after the general sent word he and his party would make a 24-hour stopover at Honolulu.

**Huge Parade**  
Mayor Elmer Robinson and a civic committee in charge of the reception said plans for an official greeting at the airport and a huge parade through the city and up Market street were unchanged except as to time.

**DIES IN HOME FIRE**  
MILTON, Pa., April 14.—(INS)—United county authorities today learned suicide the death of a 55-year-old woman as the result of five fires she started in her frame house near West Milton.

### Lt. Gen. Van Fleet Assumes Army Command In Korea

EIGHTH ARMY HEADQUARTERS IN KOREA, April 14.—(INS)—Lt. Gen. James A. Van Fleet arrived in Korea today to assume command of the U. S. Eighth Army in Korea from Lt. Gen. Matthew B. Ridgway.

The tall, gaunt general was met at a Korean airfield by Ridgway, new supreme commander for the allied powers in the Far East.

He made no immediate statement to war correspondents, but called a news conference at Eighth Army headquarters.

When Van Fleet stepped from the MATS transport his uniform still bore the red and white patch of the Second Army, the unit he commanded before being ordered to Korea.

### New York Plans For Reception To MacArthur

NEW YORK, April 14.—(INS)—A swirling storm of ticker tape and confetti was in the making today for Gen. Douglas MacArthur when he visits New York sometime next week for a hero's welcome.

Mayor Impellitteri has already cabled the five-star American general an invitation to an official municipal welcome after such a plan was approved yesterday at a special meeting with the Board of Estimate.

In announcing the invitation the mayor stressed that New York is noted for such welcomes "particularly to American heroes."

City officials promised to give MacArthur "the greatest reception in the history of New York City." The celebration will include the traditional parade up Broadway.

Special Sessions Justice Matthew J. Troy, acting in his capacity as commander of the Kings County American Legion, has wired the mayor that he should declare "an official holiday on which our people of the City of New York can appropriately greet our 'great hero.'"

**Pricing Forum Monday At Ten**  
Local Merchants To Answer Questions

Seven merchants of this city will comprise the panel Monday morning at 10 when the GNCA holds a pricing forum in The Castleton hotel.

Jack Huston, Larry Perelman, Howard Kirk, Jr., H. C. Buchanan, Miss Margaret George, Oscar Levine and Alvin Shenkan will comprise the panel. Each of them have grounded themselves in price information concerning their own business and will be prepared to answer questions.

With the recent addition of 60 categories to the price chart requirements, hardly any merchant is free from the responsibility of filing pricing charts by April 30.

The forum is to provide information on how to file these charts and also to furnish forms.

### President Will Speak To Nation Again Tonight

To Discuss Foreign Policy At Jackson Day Dinner Event

By WILLIAM THEIS  
(U. N. S. Staff Correspondent)

WASHINGTON, April 14.—President Truman talks to the nation about his foreign policy tonight, but—barring a last-minute change of mind—will omit criticism of Douglas MacArthur in advance of the general's appearance before Congress next week.

The president, in a sequel to his radio and television explanation of the MacArthur firing Wednesday, goes on the air nationwide again in Washington this evening on the occasion of the annual \$100-a-plate Jefferson-Jackson Day Democratic dinner.

**May 'Ad Lib' on MacArthur**

Administration sources say the prepared text of Mr. Truman's speech contains no reference to the general. But others point out that the duel of oratory over the ouster is still in full heat and that the president never let a written text prevent him from ad libbing last-minute comment into a speech.

MacArthur is due to arrive in New York Tuesday—the day Congress votes on when, and whether, it wants to hear from him in a joint session. The general leaves Tokyo at 5 p.m. (EST) Sunday and will stop en route in Honolulu and San Francisco.

NOW THEREFORE, I, JOHN F. HAVEN, MAYOR OF THE CITY OF NEW CASTLE, call upon all of the citizens of New Castle, who love their country and who have not forgotten the usurpation of military power, against which this country rebelled in 1776, to express to General MacArthur at the moment he steps on these shores, a glad demonstration of the nation's pride in him, with horns and sirens blowing and bells ringing for a period of one minute, for that purpose. (The minute of the hour will be announced by the Mutual Broadcasting Stations.)

### Plank Smashes Windshield

Robert Anderson, R. D. 8, sits in his automobile after a length of two-by-four crashed through his windshield, narrowly missing him. The piece of wood can be seen to the right of the steering column.

### Narrow Escape For Auto Driver

Planked Is Hurled Through Windshield

"Old Man Superstition" vehemently declares "Friday the 13th" is strictly bad luck but Robert Anderson of R. D. 8 might disagree with him.

Friday afternoon, Mr. Anderson was driving a new car, dealer's car that had been received in shipment two weeks ago, along the highway near the B. & O. roundhouse when a bus going in the opposite direction hit a yard long "two-by-four" plank that was on the highway. Although the bus driver tried to miss the wood, the real dual wheels hit it causing the wood to fly in to the windshield of the car Mr. Anderson was driving.

Shattered safety glass flew in every direction when the wood hit the cross piece in the middle of the windshield. Mr. Anderson, (Continued on Page Two)

### Reds Probing For Weak Spot In U.N. Lines

May Be About Ready To Launch Spring Offensive Drive

By LEE FERRERO  
(U. N. S. War Correspondent)

TOKYO, April 14.—Van-guards of three-quarters of a million Communist troops probed for a weak spot in United Nations lines all along the Korean front today in what may be the prelude to their long-expected spring offensive.

Field dispatches said heavily reinforced Chinese and North Korean forces launched powerful counterattacks on the west, central and eastern fronts but were hurled back with heavy casualties.

Dispatches from Eighth Army Headquarters said the Reds lost 4,275 men killed or wounded Saturday in comparison with 3,000 for both the two preceding days.

**Feeling Out U.N. Patrols**

International News Service War Correspondent Rafael Steinberg, reporting on one of eight slashing counter-assaults, said it "was apparent the enemy was feeling out UN positions for a weak point through which they might hurl a strong force."

By HOWARD HANDLEMAN  
(Far Eastern Director, U. N. S.)

TOKYO, April 15.—(Sunday)—General Douglas MacArthur made final preparations today for a triumphant return to the United States and his successor as supreme commander pledged "no change in basic policy."

Lt. Gen. Matthew B. Ridgway, appointed by President Truman to succeed MacArthur in four top far east commands, praised his five-star predecessor in a formal statement shortly after returning to Tokyo from Korea late last night.

As new supreme commander for the Allied powers in the occupation of Japan Ridgway said:

### Expect Decision Monday On Sunken Highway Problem

Final word from Harrisburg is expected Monday by the local offices of the State Highway Department as to what steps will be taken to rebuild the closed portion of Route 18 between New Castle and Moravia.

More than 200 feet of the road dropped 40 to 50 feet over the past few days, causing some thousand dollars worth of damage to the highway and the closing of the road to traffic due to the dangerous condition that existed.

**Seems Stationary**

Alfred A. Martin, County Highway Superintendent, reports that the road has not dropped any further over the past 24 hours, with the exception of a sliding condition along the banks of the old road, brought on by the excessive rainy condition that has been experienced over the past number of days.

It is believed that the Harrisburg office of the Highway Department will make the decision to relocate the road as most of the engineers feel that it would be unwise decision to build over the same spot as a possible recurrence of the past week's condition might be experienced, entailing great expense to the department and the taxpayers.

When plans were drawn up some months ago for the rebuilding of Route 18 to the Beaver County Line, the new highway was proposed to stop at Moravia, traveling north, using the old road on into New Castle. With the section of the old route out between (Continued on Page Two)

# Will Set Beef Price Ceiling

WASHINGTON, April 14.—Beef gets a price ceiling next week that may be followed by another government order rolling back prices on processed food and other manufactures.

The news came in Price Stabilizer Disalle's announcement that he hopes to complete the "basic structure" of his price control program by the end of April, with orders covering not only meats and manufactures but services, wholesalers and imports and exports.

The dollar-and-cent ceilings on beef will control prices from the slaughterer to the butcher shop.

Disalle said yesterday the long-awaited manufacturers' order will be issued "late next week" and will be "largely a rollback regulation."

Regulations covering imports and makers of machinery, cotton textiles, apparel and paper products also will be forthcoming in the near future, the price stabilizer said.

toward the completion of the masterly task already largely accomplished under the consummate leadership of General MacArthur.

Ridgway's statement apparently was designed to relieve anxiety among the Japanese who feared that the abrupt change in command ordered by President Truman last week might jeopardize their chances of securing an early peace treaty.

From Emperor Hirohito down to the lowliest citizen, the Japanese people were planning a farewell to their beloved "Scap" of the past five-and-a-half years. Ceremonies attending MacArthur's departure Monday will be on a scale similar to the welcome which awaits him when he arrives at San Francisco Tuesday (United States time.)

farewell on a scale as large as the welcome he will receive when he reaches San Francisco Tuesday morning.

MacArthur will start his return journey after 15 years' absence from the mainland of the United States at 7 a.m. Monday (5 p.m. Sunday EST). Along with Mrs. MacArthur—who has never seen America—the former supreme Allied commander will take off in the big Constellation he used as his official personal plane. The plane—formerly called Scap—has been re-christened Bataan in memory of MacArthur's Philippine exploits.

Reach U. S. on Tuesday

The plane is scheduled to arrive at Honolulu's Hickam Field about midnight Sunday—gaining time because of the eastward flight across the international dateline.

The departure from Honolulu had been scheduled for an earlier time but it was decided to delay the final overwater leg of the trip. Under present plans, MacArthur will leave Honolulu around midnight Monday and will arrive in San Francisco between 10 and 11 o'clock Tuesday morning. The party will remain in San Francisco 10 or 12 hours before heading east again.

San Francisco—first mainland city to greet the returning general—made plans for a hero's welcome. In answer to a cable from the Golden Gate City's Mayor Elmer Robinson, MacArthur said he accepted "with pleasure any greeting ceremony which you may feel appropriate."

As Van Fleet arrived, his predecessor, Lt. Gen. Matthew B. Ridgway, performed his first official act as new supreme United Nations commander and prepared to leave for Tokyo.

Ridgway, dressed in an austere uniform and for the first time in weeks minus his famous brace of hand grenades, said he planned a last-minute conference and farewell with Gen. Douglas MacArthur in Tokyo before the latter's departure for the United States Monday morning.

Alive to Responsibilities

Ridgway told newsmen at Eighth Army Headquarters:

"I would be very glad to share things with you as I have done before. I am still very much a member of this team and I am fully alive to the responsibilities that have become mine."

"With God's guidance and all my heart I shall do my utmost to discharge my new responsibilities well."

BAPTIST CORNERS, N. Y., April 14.—(INS)—Four persons including two children died today in a farm home fire at Baptist Corners that also cost the life of a volunteer fireman.

The fireman was killed when his car overturned and crushed him while he was driving two women neighbors with coffee to the fire scene.

Killed in the fire were Henry Kuppinger, 50, a farmer, his wife, Hortense, 48, and two unidentified small children; they were boarding under the state welfare program.

Three other children boarding at the home, and Kuppinger's brother, Blair, 48, escaped and were taken to Auburn City hospital. Baptist Corners is eight miles southwest of Auburn.

## HIGHWAYS ARE LIKE PEOPLE, THEY WEAKEN AS THEY GROW OLD

Highways don't last forever, any more than do people. As each get older they get weaker, they can stand less stress and wear. Unusual winter weather is hard on humans and hard on highways. We're learning that this spring all over Pennsylvania.

About 42 per cent of Pennsylvania's primary highways are over 20 years old. About 41 per cent are from ten to twenty years old and seventeen per cent are less than ten years old.

The average life of a highway is estimated to be 20 years says Ray Smock, State Secretary of Highways.

When Old Man Winter teams up with Old Age, highways take a beating. But let's put the blame where it belongs, on the elements rather than on modern motor trucks.

## Schuman Plan Agreement Near

The controversy over President Truman's dismissal of Gen. Douglas MacArthur is still the No. 1 topic of international conversation today but the nations of continental Europe have diverted their official attention to their own immediate needs.

These are exemplified in the Schuman plan, now in its final stages of preparation.

If things go as anticipated, the agreement will be signed formally Saturday and the industrial city of Liege in Belgium chosen as general field headquarters.

Will Pool Resources  
Under its terms, France, Germany, Italy, Belgium, Holland and Luxembourg will pool their iron and steel resources, eliminate the cartel system, equalize prices and wages, erase certain trade and tariff barriers and in effect create the framework for some sort of European federation.

Liege is chosen as anticipated, there will be a certain symbolism over and above the cold, business-like fundamentals of the Schuman plan.

The city has been ravaged in almost countless wars and rebuilt time and again. Throughout the ages, its people have become less and less convinced that there is anything permanently to be gained in battle. Its crippled and bereaved population would like to see a real European peace organization grow from the Schuman plan beneath the spires of its beloved Cathedral.

Liege Excellent Choice  
Liege is considered an excellent choice in many circles for the simple reason that it will take some of the psychological emphasis away from the Ruhr valley, where German capitalists and industrialists forged the weapons that made two world wars possible if not inevitable.

The resources of the Ruhr will not be affected of course. But there will be less to remind the delegates of Krupp, Thyssen and Goering if they meet in the mellow old capital of Wallons instead of amid the forbidding blackness of the Ruhr.

The Schuman plan will go into effect without the cooperation of Britain.

Another indication of how postwar conditions make strange bedfellows. Britain and Russia are on the same side in this particular circumstance.

Moscow's View  
Moscow regards the Schuman plan as a creation of warmongers to pool not so much the resources but the war-making potentials of western Europe.

Britain is lukewarm because she feels participation would mean the loss of too much national sovereignty and would run counter to her interests throughout the commonwealth. The best the British have been able to do is to wish the Europeans luck; a certain amount of skepticism is clearly evident in London.

From the continental point of view, the signing is a great and single-handed victory for the plan's author, Robert Schuman.

He has obtained an amazing degree of cooperation, in the form of promises at least, from nations which for centuries have guarded with utmost jealousy the rights and independence of their basic heavy industries.

Took Much Thought  
It took a great deal of thought and consideration before Belgium and Holland, for example, were able to decide that the plan presented a good gamble in behalf of peace.

Luxembourg had less of a problem because her own industry is closely intertwined with those of her two larger lowland neighbors.

Western Germany, anxious to get back as fully and as fast as possible in the democratic camp, quieted the industrialists who feared the international set-up.

Italy entered with enthusiasm and alacrity. The precarious state of Italian economy demands every possible contact with the western powers.

LESSON

He took a smile into the store,  
And spoke a pleasant word.  
The clerk returned the smile he wore.  
A pleasant word he heard.

He took with him a friendly mood,  
And returned a kind to him.  
And found, as he believed he would,  
A friendly mood within.

But when he entered, had he frowned  
And used a manner grim,  
I'm sure he knew he would have found  
His frown returned to him.

Mom tells Butch that chairs are quadrupeds. They have four legs like horses and dogs.

She says that all four legs are to be kept on the floor.

She tells Butch that to tip his chair back on two legs is bad manners besides being dangerous for the chair.

Butch says that he can't see what that has to do with his health. Granddad tips his chair and he is pretty healthy.

Mom has her troubles with Granddad and Uncle Jim but she is doing her best for Butch.

She says that bears and dogs and rabbits and pigs may be healthy, but who wants to be a grunter, Mom knows.

ers in the financial and industrial fields.

Schuman himself has dealt mainly with the concrete aspects of his scheme. But he is known to place great hopes in the consultative assembly which is a fundamental part of it. He apparently believes that when nations once locked in combat discuss all aspects of heavy industry, the conversation cannot help but veer off into the field of real cooperation for peace as well as prosperity.

## The Parent Problem

By Garry C. Myers, Ph. D.

EARLY RESTRAINTS IN TRAINING ESSENTIAL

I was struck by a recent headline in a newspaper, "Discipline Is Back In Good Standing." It was a report of the annual conference of the Child Study Association of America, held in New York City recently.

According to this report the words "frustration" and "discipline" generally taboo except as words of warning for the past 30 years among child development specialists were brought back into respectability by a number of eminent speakers. For example, Dr. Rene A. Spitz of the New York Psychoanalytic Institute was reported to have said: "Appropriate frustration at the appropriate age not only has its place, but is a necessity. I am using here a word that is disliked, I know, because it is felt to indicate a primitive attitude that must damage the child. But whether you call it by the equally abhorrent term 'discipline' or 'restraint' or the term which is today most acceptable, 're-nunciation,' the meaning is the same."

According to the newspaper report, Dr. Spitz held that weaning, toilet training and restrictions of where a child may crawl, climb or walk represent necessary frustrations and that to delay establishing such restraints at the appropriate age is to make it needlessly difficult for the child and his parents.

He seemed to imply that some early restraints are essential for the child's feeling of security.

Then he emphasized parental consistency, reminding one of like emphasis by Dr. William Blatz of the University of Toronto, a few years ago. Dr. Spitz must have shocked some of the 1500 parents and child experts present.

At the same meeting, Dr. Robert Knights, Clinical Professor at Yale University School of Medicine, spoke in a similar vein. He said that children reared by the doctrines of the "no repressions" school were "liberalized infants" who proceeded to oppress their parents and all other adults who have tried to manage them.

Physical Security  
Some while ago I wrote an article in this column, saying that good upbringing of the child depends on shielding him from frustrations but in seeing that he shall experience those frustrations which are most useful to him for his physical security, emotional security, and usefulness.

As you may have read this column for many years now, I have always emphasized the need of adequate, early, consistent restraints in the child for his best safety, moral growth, likeableness and citizenship. My bulletin "How To Teach Your Child" may have been helped by sending a self-addressed, stamped envelope to me at 235 East 45th Street, New York, N. Y.

In the preface to our new book "Homes Build Persons," Mrs. Myers and I say: "This book expresses a revolt against the prevailing philosophy and practice of excessive self-expression." It emphasizes the need of restraints, especially in the child's early years, more than any other volume on child rearing we know about, though it is replete with appeals for more parental love and understanding of the child.

Bible Thought

For behold I create new heavens and a new earth, and the former shall not be remembered, nor come into mind. Isa. 65:17.

A wonder remedy, this inflation. After a few years on the stuff, we can lift \$7 worth of groceries with one hand.—Denver Post.

From Me To You

By MESEALL

Here, there and everywhere from post scripts of letters . . . and note books of factual friends.

You're all wet . . . well most of you . . . for science says that a man whose normal weight is 150 pounds would weigh about 50 pounds if all the water in his system were dried up.

And here is another startling fact . . . before inflation, it was a known fact that the human body was worth little cash . . . as far as chemicals in the body were concerned . . . value of the chemical elements are said to be worth about 99 cents.

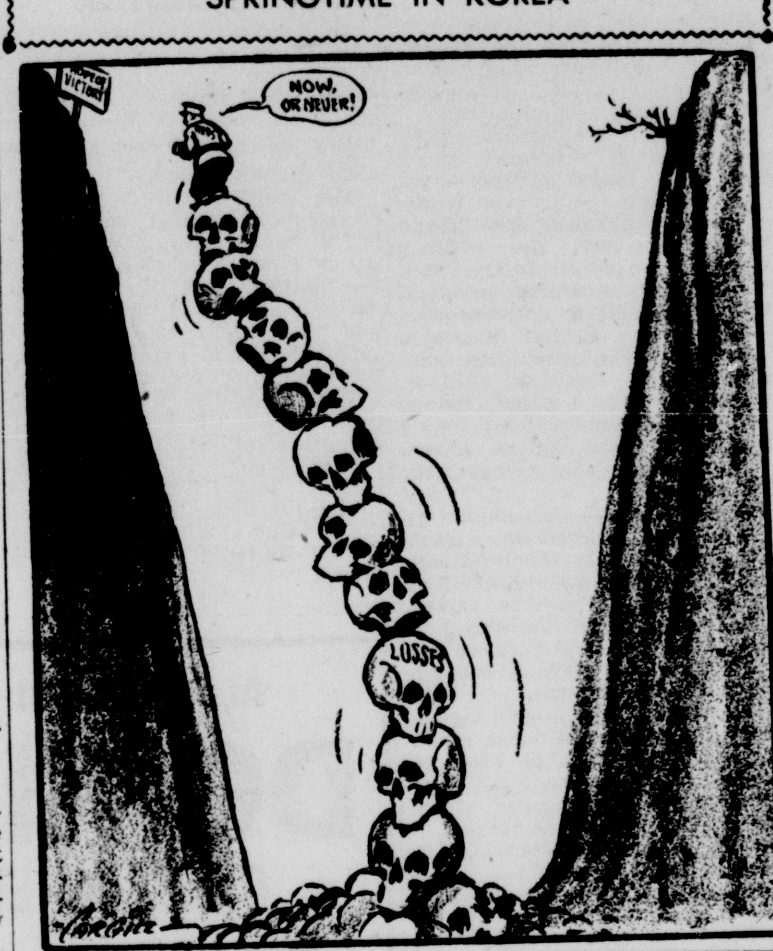

Back in the "good old days" many things happened . . . Right to the point was the habit of talking. History books relate this item . . . Benjamin Franklin designed a dollar made of silver, brass and pewter, bearing the motto, "Mind Your Own Business" and this coin was minted in 1776. Well now . . . that motto could still be used to good advantage.

It was over 125 years ago that politicians did more than politics . . . they did more than make speeches . . . then they were the forerunners of Senator LeBlanc . . . for it was Thomas Jefferson that invented the sliding doors used on our street cars. Remember 'em.

Do you know a gandy dancer? Well we have 'em here in New Castle . . . Down in Mahoningtown many residents know such an individual . . . that's how we picked up this question . . . A gandy dance is a man who inspects railroad ties for loose rails and bolts.

Here's one that we won't explain . . . maybe someone will . . . but we are told that ships weigh less when traveling east than when traveling west.

## Truman Is Storm Center

WASHINGTON, April 14.—Where and when the storm now sweeping over Washington will end no one can predict. Not in a long time has there been anything like it. The telegraph boys are carrying bushel baskets of wires to practically every office in the Senate and House and almost without exception they oppose President Truman's action in removing General MacArthur from his command.

The talk of impeachment was inevitable. Partly it is political in origin. But in the thousands of wires pouring into the Capital it reflects a long pent-up fury and frustration.

Those who use the word glibly do not realize that impeachment is a solemn constitutional procedure rarely evoked. Only the House of Representatives can vote on the impeachment of a president.

Trial Must Be Held  
When an impeachment has been voted against a president, the trial is held before the Senate, with the chief justice presiding. Conviction is on a vote of two-thirds of those present. The language of the constitution provides impeachment for "treason, bribery or other high crimes and misdemeanors." The supreme court has never interpreted that language.

When President Truman first came into the White House, he talked about the trials of one of his predecessors. That was Andrew Johnson, who succeeded to the office on the assassination of Lincoln and thereby inherited the tribulations that come in the wake of a great war. Johnson is the only president in our history to be impeached. By a margin of one vote the Senate failed to vote that impeachment.

Anything Can Happen  
It seems most unlikely that anything so drastic will occur in this instance. Yet in the inflamed state of opinion, with all the confusions and conflicts, doubts and uncertainties that beset the American people, one must add that anything can happen.

In the present violent reaction there is plainly a current of unreason. Truman is the symbol on which long-stored-up wrath is being poured out. And that wrath probably traces back in part to the tensions under which we have been living in recent months.

Some who are so passionately for MacArthur seem to be for him in the belief that if he were only given his own way, he would find a magical means to end the war and bring peace to the Pacific. This does not, of course, conform to the facts. The MacArthur policy would certainly have expanded the Pacific war.

Whether it would have meant the start of World War III is another matter. The British were convinced that Soviet Russia would honor its treaty of mutual assistance with Communist China and come in if American planes attacked the Chinese mainland. MacArthur believed that this danger was negligible.

Violence Will Not Subside  
Whether the storm goes to the point of action against Truman—and the Democratic party still has at least nominal majorities in both houses of Congress—its violence will not soon subside. Quite apart from popular feeling, powerful engines of publicity are behind MacArthur. They will work night and day. MacArthur's return to America, his appearance before Congress, the drama in his every word and gesture, all this will keep it going.

Behind MacArthur is the whole of the so-called China lobby. It has large resources of money, including the support of a half dozen members of the Senate, most of whom are reported to have vast sums in banks in Switzerland, the Argentine, Holland and the United States.

Political Consequences  
It is certainly too early to say what the political consequences of the President's action will be. It is a stubborn man. The very force of the reaction might persuade him to reverse a decision not to run for office again if, as many believe, he has made such a decision.

One thing does seem fairly clear. Even though they may not be able to get at the President himself, his critics and attackers in Congress can take revenge on his policies, and it is here, in my opinion, that there is the possibility for tragedy transcending any man's personal fortunes.

This violent quarrel can mean a further paralysis of government at a time when it is vital to rearm and through rearming to unify the coalition of western nations. If we can't have our way in the Far East, the extremists may say in effect to the President, then you must get your way in Europe. Obstructionism under our system of divided powers can do a lot when there is no really responsible control in Congress as between Republicans and Democrats.

Already the evidence of it has been ample in this Congress. If it now goes on to impede vital measures, we shall have paid a terrible price for our divisions.

## T. V. Reveals Secrets

By PAUL GALLICO

Television, that dearly beloved new medium which is bringing so much excitement and comfort into my life, is on the verge of opening up an entire new field of physical attraction to us all and one that may change our entire concept of wooing the opposite sex.

I refer to the television camera's exploration into the oral cavities of our professional warblers both male and female when they pry open their barozos to yawn a ceiling note.

Ordinarily this is territory which is denied the concert-goer, opera-lover or swoon-croon fan, since the artists are posed upon a stage or dais at such a distance even from the front row that it is not possible to identify individual landmarks on the way down from their teeth to their gizzards.

In movies too, directors have heretofore been at some pains to pose their songbirds three-quarters, or profile, or at some convenient angle so that the most that came over was a glimpse of shining crockery.

Reticence Knocked Aside  
But Teevee has knocked aside all these reticences. When the tenor, the baritone, the soprano or contralto opens wide to give maximum effect to one of their educated screams, the lens-eye of the camera moves in and peers right down his or her gullet.

Whereas for a time, one of the comic strips made America's youth conscious of the kneecap as a beauty sector worthy of exploitation and adoration, I feel that Teevee at least is prepared to bring the well-developed adenoid, the slim, mobile uvula, and shapely tonsil, the seductive little epiglottis into its own. After I have been led on an evening's junket down Patrice Munsel's or Rise Stevens' aescopagus, I feel like sighing softly—softly, I love you!

This I hold will be one of the great booms of television it will add something new to the language of romance and the art of describing a loved one. I can hear one bobby soxer sighing to another, "Oh, that Frankie Lane! Did you see his divine Foramen Caecum Linguae decorating the eye of the Friday night pugilist, or the inside of my own overcoat pocket. I go about thinking of them not only as a pair of sterling vocal artists but as possessing radix linguales that positively send me, plus two of the most beautiful larynxes it has ever been my pleasure to view.

And believe it or not, it gets you after a while and you begin to long to see them again. It is a new kind of thrill. You say to yourself, "Wonder what Marguerite is going to sing tonight. Will she go after high E above C? Will she really open wide and reach for it. Am I going to be able to get a glimpse of all her nine adorable laryngeal cartilages? When I see her vocal chords quiver it is as though my heart were strumming."

Learn About Famous People  
I know all kinds of things about famous people that I never knew before television opened up new vistas to me—for instance that Lauritz Melchior has a second molar on the right side that I think wants some looking after, the filling appears to be a little loose; that Frank Sinatra's left tonsil appears to be slightly enlarged, and maybe both of them ought to come out—they're nothing but germ traps, Frankie boy, and the sooner you get rid of them the better that; Jimmy Melton's uvula needs trimming, and that the roof of Lily Pons' mouth is more beautiful and symmetrical than the dome of the Capitol at Washington.

This intimacy provided by the TV camera that sticks out its neck to investigate the caverns exposed by the high priced yodelers on big shows has also given rise to a new parlor game which has afforded much pleasure and innocent merriment around our house. At the moment of greatest and longest exposure on the top note at the close of the song, we count fillings. Then afterwards we send for their dental charts and the one who has come closest to the correct answer gets the prize.

The other night I heard and saw Gladys Swarthout sing. I don't know about nights but I'm madly in love with her superior thyro-arytenoid ligaments.

Looking At Life

By ERICH BRANDEIS

We have all been told many times that we should not commit crimes or do wrong of any kind because it violates the laws of God, of morality, of decency.

That is all very well—but, unfortunately, there are lots of people who do not believe in God, who have no notion of morality, who know no decency.

And those people are the criminals, the gangsters, the cheats, the liars.

But all who are gangsters, cheats, liars at heart, do not commit crimes. What keeps them from committing crimes?

Let us be perfectly frank with ourselves. Few among us have never been tempted to do wrong.

It is not God's laws or morality or decency that make us resist temptation. It is FEAR.

It is fear of jail, fear of ostracism, fear of any and every kind—even the punishment of our own conscience.

Aside from all moralistic arguments, it is much more comfortable to live within the law than outside of it.

Take the simple misdemeanor of lying. All of us have lied some time or other.

If you, who read this now, have not, I apologize to you with tongue in cheek.

I have lied. Only today I told someone who wanted to see me that I was all tied up and couldn't possibly spare a minute.

That was a lie. After I get through with this column and answer my mail I haven't a thing to do.

So now I have to be very careful where I go today. I might run into that fellow and then he is liable to go all over the place and tell people that I am a liar.

Sonic spending. Recently a calculation was made that federal government spending was at the rate of approximately \$9½ million every hour. A reckoning of the figures shows—that for 11 working days, on a treasury statement basis—it really wasn't that rapid. Not quite. In this period total spending came to better than \$2.2 billion; or, \$200 million each day; only \$8.395 million each hour.—Tax Outlook.

I DON'T SEE WHY YOU'RE SO UNREASONABLE ABOUT PEOPLE WHO PLAY CANASTA. IT'S A GOOD GAME AND WE LIKE IT.

BUT I'M NOT, MY DEAR. THE OLDER I GROW THE MORE TOLERANT I BECOME. I'VE LEARNED TO MAKE ALLOWANCES FOR HUMAN WEAKNESS AND BE GRATEFUL FOR THE GOOD IN ALL OF US. PERHAPS EVEN BURGERS, THE SOVIET GANGSTERS AND CANASTA PLAYERS HAVE A TRACE OF DECENCY IF WE HAD THE INFINITE PATIENCE TO HUNT FOR IT.

If your furniture is beginning to look run down at the heels, don't put off replacing it too long, for some types definitely will be curtailed because of the defense effort. Where chairs, desks and settees will have to take a lot of use, and abuse, such as in commercial and professional interiors, consider metal furniture. It will last long and it requires very little maintenance.

At Meeting Friday

Members of the Friday, the Thirteenth Club, had one of its most outstanding meetings, Friday evening, when the members gathered for their occasional dinner and enjoyed a program of good fellowship.

The meeting was held at Frenzel's, Route 422, and following a fine dinner, pep singing was led by Ivor V. Davis after which there was an informal program of entertainment, with initiation of three new members, Wendell Morrison, Junior Past Commander of Post 522, V.F.W.; David Baughman, Past Commander of Post 315, V.F.W.; and Earl C. Moffatt, Past Commander of Post 353, American Legion, being formally initiated, assisted by Permanent Secretary Jimmy Fletcher.

Attorney Joe Solomon was chairman of the evening, with Charles E. Allen, the toastmaster. Tribute was paid to the memory of ten members of the club who have passed on, who include: John I. Hopkins, Harry M. Long, Harry H. Rosenthal, William Lewis, James A. Davis, Earl B. Cummings, A. F. Miller, Thomas McNicholas, Lee R. Hanna, and James E. Bell.

One member of the club, Tom Edmunds, is again in service.

The next meeting of the Friday, the Thirteenth Club will take place in July, and Chester C. Sweesy, Past Commander of Post 343, American Legion, was named chairman.

Afterwards, the members repaired to the post home of Harry L. McBride Post, No. 522, where an informal program was enjoyed.

## City Library Fee For Non-Resident Borrowers Raised

At the regular monthly meeting of the Board of Trustees this week it was decided to increase the fee for non-resident borrowers from \$1.00 to \$2.00 effective May 1st, 1951.

Those who live inside the city limits of New Castle are of course not affected by this action. The library is maintained by a 1/2 mill tax on city property only; there is no support from the county. For this reason a fee has always been required from those who wish to borrow books but who live outside the city. This custom has prevailed since the public library opened in 1910, at the same price of \$1.00 but the fee will now be increased May 1st to \$2.00. Even with the new rate it is a bargain, since the non-resident borrower get four (4) books at once and keep them for two weeks.

Also, the city line rather than the city directory will determine who live in the city and who live outside. The compilers of the city directory were very generous about expanding the city to include residents of Union, Neshannock and Taylor townships.

The U. S. Marines Corps was formed by the Continental Congress in 1775.

**Dodds To Be Candidate**  
Seeks Re-election As County Controller

**ANDREW M. DODDS**  
Andrew M. Dodds today announced that he is a candidate for re-election to the office of County Controller. His announcement follows:

"The office of County Controller is one of the least known but it is, nevertheless, one of the most important county offices. By statute the Controller is given the authority and is entrusted with the duty of supervising the financial affairs of the county. The Controller must see to it that all moneys received are properly accounted for and that all moneys paid out are disbursed according to law.

"It is not a policy making office and it is not the duty of the Controller to interfere with the discretionary powers of other officials.

"As County Controller I have attempted to perform the duties of the office as set forth in the statutes. I have, at times, been criticized for my refusal to approve certain expenditures. Regardless of criticism, I will, if re-elected, continue to audit and examine all expenditures in order to satisfy myself that said expenditures are within the law.

"Experience gained in public service is the same as experience gained in private employment. This experience is valuable to the employer. In a public office the taxpayer is the employer and should be vitally interested in having in the public office an experienced employee.

"How well I have performed the duties of my office is for you, the voter, to decide. I believe that my record is such that the decision will be favorable to me.

"For any success I may have had a great deal of credit is due to the faithful employees in my office.

"I am a candidate for nomination at the Republican Primaries which will be held Tuesday, July 24th. In submitting my candidacy I ask that you consider my record, my qualifications and my experience. You may be sure that your vote and support will be appreciated."

**SEATING GUESTS AT BANQUET**  
"I have been appointed chairman of a banquet which my club is soon to give. Will you please outline for me the proper seating arrangements at such an affair, that is, where should the toastmaster, speaker and other guests be seated? There will be twenty guests in all and there will be only one table."

Answer: The toastmaster should be seated in the center of the table with the first guest-of-honor or the most prominent person present at his right. The next most prominent person should be at the left of the toastmaster.

If there are any others who are to speak they should be seated thus: half to the right of the first guest-of-honor and the other half to the right of the second guest-of-honor. The other guests may be seated anywhere provided that, if possible, no two men or two women are side by side.

After the dessert is finished, the toastmaster should stand and make a short speech discussing the occasion of the dinner or the organization itself, ending with a reference to the first speaker — dwelling briefly upon his (or her) career and adding: "I take great pleasure in introducing Mr. Smith, 'Mr. Smith.'" The speaker thus introduced should then rise and the toastmaster should be seated.

After this speech is finished, the toastmaster again rises, makes a few remarks about the speech just delivered and introduces the next speaker. He should proceed in this manner until all have been heard from. The guest-of-honor is usually asked to speak last.

If the guests-of-honor and other speakers are women, corsages should be presented to them.

For an unusually colorful office or shop, select metal furniture with a baked enamel finish which picks up the color used in the walls or drapes. Or select the color of the chairs and settees first and choose your other accessories to match. Restful tones, such as soft blues and greens, are fine for shops and salons, because they put the customer into a relaxed mood.

## Worst Flood In 70 Years Rages Near St. Paul

ST. PAUL, April 14.—(INS)—Advance waters of the highest upper Mississippi river flood in 70 years seeped into St. Paul lowland areas today, forcing abandonment of Holman airport and evacuation of 300 residents.

The inundation of a 10-block area came amid a warning that at least a week of flooding is in prospect for St. Paul and nearby downriver points.

The floodwaters, pushed south as the Minnesota river crest poured into the Mississippi at Ft. Snelling, invaded a half-dozen St. Paul industrial plants and office buildings, city streets and railroad switching tracks.

The crest of the Mississippi still is north of St. Paul, near Aitken, where it has reached a flood stage of more than 18 feet—the highest since 1881. It is expected to hit the St. Paul area tomorrow night or Sunday.

In the post office building near the river-edge of the St. Paul district and in a large wholesale firm building nearby, huge pumps were placed into 24-hour operation to keep pace with streams of water pouring through the basement walls.

The U. S. district of engineers said the upper Mississippi is expected to continue its rise, maintaining a fairly constant flood stage below it. Snelling from six to 10 days.

## Garbage Dump Contractor Is Held For Court

L. L. Benzenhoeffer, a garbage collection contractor of Poland, O., was held for June term of court Friday afternoon by Justice of the Peace H. M. Reynolds of Union township after a hearing.

He is charged with maintaining a public nuisance and also conspiracy. Benzenhoeffer is the owner of the garbage equipment which has been hauling garbage from Struthers and Poland to a point on the Edenburg-Lowellville road, directly across the road from the Oakland Sportsman's Club.

Some testimony was taken. State Policeman Fred Norris testified to having received a number of complaints from persons about the garbage dumping and that he had inspected it several times. He said the odor from the garbage dump was bad.

Mahoning Township Supervisor Joseph Gennaro testified that he had received many complaints, that the dump was located in a district near a number of farm homes and that Percy Thornton had said nobody could stop them dumping on the ground as it was private ground.

In his own defense Mr. Benzenhoeffer did not testify and Justice of the Peace Reynolds held him for court.

**Employee in Jail**  
Percy Thornton, an employee of Benzenhoeffer's is still in the county jail unable to raise bail. When Thornton was arrested several days ago as he hauled a load of garbage into the area, he was arrested by State Policeman Fred Norris.

Thornton called his boss, Benzenhoeffer to come over and bail him out. Benzenhoeffer arrived shortly with \$500 cash bond but upon being arrested himself took his own freedom on the bond money and left the driver in the county jail. Thornton will waive a hearing before Justice of the Peace Reynolds.

Following the hearing District Attorney Sherman K. Levine and County Detective Howard C. Kieba made a visit to the dumping ground on the Edenburg-Lowellville road.

A bulldozer owned by an Ohio firm was being used to doze gravel and sand over the garbage. A light dusting of lime had been tossed over the garbage. This was the first attempt to cover the garbage in a long time apparently for some of the cans on the outside edges of the patch were rust and dirty from exposure.

Benzenhoeffer's counsel says his client has a permit from State Health Officer Thomas C. West to dump garbage on the tract of land in Mahoning township. The permit was not produced at the hearing. District Attorney Sherman K. Levine says he doubts if any one can get a permit from the state to set up a health hazard.

## SUSPENDED, FACE LOYALTY PROBE

### TWO CIVILIAN EMPLOYEES of the Navy department's explosive research bureau, Stephen Brunauer and his wife, are suspended from their Washington jobs pending loyalty and security investigations. The two are shown as they appeared before the Senate subcommittee probing charges of Communism in the State department, hurled last year by Senator Joseph McCarthy (R), Wisconsin. At that time Mrs. Brunauer declared, "I am not, never have been and couldn't possibly be a Communist."

# Bob Baker Wins Decision Over Elkins Brothers

## Winner Fails To Impress Fans

Brothers Weathers Storm, Never Down

NEW YORK, April 14.—(INS)—Wishful thinkers on the lookout for a "new Joe Louis" can take their blue pencils today and cross out the name of Pittsburgh's Bob Baker.

With a string of 19 straight victories in his short pro career, Baker came into St. Nicholas Arena last night and did the expected by decisioning willing Elkins Brothers of Washington, formerly of New Castle, Pa.

But Baker failed to impress the slim crowd of 2,342 who paid \$5.46 to see the battle—or the uncounted others who witnessed the bout on television.

**Brothers Never Down**  
Baker was fleshy 216½ pounds for the bout, and possibly that was the reason he looked sluggish and awkward. But—despite numerous opportunities—Baker couldn't put the Elkins on the canvas, let alone add to his string of 14 kayo victims.

It was a lively exhibition, thanks mainly to Brothers, who kept boring in, resting his head on Baker's chest and flailing away at the inviting midsection on the Pennsylvania.

**Lacked K.O. Punch**  
Unfortunately, such tactics left Brothers a wide open target, and Baker hit him virtually at will. But Baker never had the equipment to land that one more vital blow that might have put Elkins down.

He came the closest in the final minutes when Brothers, giving away 26 pounds and four inches, began bleeding from the mouth and staggering on rubbery legs. But Baker by then was far too tired to deliver the clincher.

## Gerdeman Will Manage Butler

"Jeep" Handley Named President

BUTLER, Pa., April 14.—(INS)—Norman G. Gerdeman, 34, of Cumberland, Md., today is the new manager of the Butler Tigers of the Middle Atlantic Baseball League. He is a veteran Minor League player.

At an election of officers yesterday, Lee (Jeep) Handley, former Pittsburgh Pirate third baseman, was named president; Nick Andolina, vice-president; Mayor Thomas R. Nicholson, promotion manager; and Charles G. Slocum, general manager.

Handley said training would start next week at the Butler field.

Kentucky is the NCAA's first three-time basketball champion but to coach Adolph Rupp the nicest part of the title victory is that all of his players will be back next year.

## County High School Nines To Begin Play Next Week

Lawrence county's high school baseball teams are scheduled to swing into action next week, with three games scheduled for Monday and one on Tuesday.

It is a little doubtful if all of the fields will be ready for play, according to coaches of the county but the tentative schedule finds Bessemer at Mt. Jackson and Union at Wampum in Section 9 and Princeton at Shenango in Section 10, Monday.

The East Brook-New Wilmington game scheduled for Monday at New Wilmington has been rescheduled for Tuesday.

The county teams are split into two separate sections for the first time. Bessemer, Mt. Jackson, Union, and Wampum make up Section 9, while Section 10 is composed of East Brook, New Wilmington, Princeton, and Shenango.

**Section 9**  
Defending champions, the Bessemer Cementers, coached by Al Russo, have lost most of last year's team and will probably build around Tom Shulga in the outfield, catcher Jim Gagliano and pitcher Phil DeArment. Other pitchers that may be a lot of help are Gerald Simari and Anthony Feo. Most of the newcomers have some baseball experience, Russo reports, and the team should be fairly strong.

Mt. Jackson has a veteran outfit, headed by pitcher Joe Grist, shortstop Jack Seltzer, third baseman Delmar Zeh and Bob McKinley. Farn Webster will coach the team.

Wampum high will build its team around returning veterans, John Novalesi at first base, catcher Bruce Bingham, pitcher Louis Kosior and shortstop Ralph Meli. Others that may come through are Buddy Kosior and John Meli in the outfield. L. Butler Henson is coach.

Union, under coach Jack Schantz, has two veteran pitchers in Bill Ahrens and Chuck Yarbets. Only other vets on the team are Fred Coates at third base and Lou Simpson in the outfield.

**Section 10**  
East Brook high school has a mixture of veterans and newcomers on hand with the following prospects: Clyde Cummins, pitcher; Darrell Rung, pitcher; Jerry McClelland, first base; Bob Dean, second base; Russ Cameron, third base; Jim Kennaday, shortstop; Bud Patterson, outfield; Tom Hanna, outfield; Wayne Hanna, outfield; Tom McKee, outfield; Bob Fox, outfield; Bob Mayberry, outfield; John Rung, infield; Jerry Rung, pitcher; and Wayne Fennick, catcher.

Shenango nine-letter winners back, including Johnny Allen, pitcher; Eddie Badger, pitcher; Harry Hiller, catcher; Don Kroesen, infield; Bill Watanowski, infield; Frank Feder, infield; Don Kirkwood, outfield; Don Fracul, outfield; Sammy Champ, infield; and Leo Kukula, catcher; and Ted Martone, pitcher.

New Wilmington will build around veteran Walt "Moose" McGinnis, outfield; Dave Boyd, second base; Tod Wilkin, pitcher; Bill Sholler, third base. Gene Livingston, catcher, is one of the better new prospects.

Princeton, playing its first year in the league, is of an unknown quality. Supervising principal Edwin E. Canan will handle the Slippery Rock township team.

## Greenberg Seeking Left-Handed Hurler

PHILADELPHIA, April 14.—(INS)—Trade talks between the Cleveland Indians and the Philadelphia Athletics have apparently ended in failure.

Haak Greenberg, Indians' general manager, and Arthur H. Ehlert of the A's, had no comment after their conversation.

Observers felt, however, that the parley involved a left-handed pitcher for the Indians and a right-handed outfielder for the Athletics.

Greenberg smilingly said that Jimmy Dykes, A's manager, had told him the Philadelphia team "has the nine best men in the American league and doesn't need any help at any position."

## Indians Start Spring Training Drills Monday

Squad Gathering At New Penn Hotel

With enthusiasm being shown by everyone except the weatherman, the New Castle Indians will launch their 1951 Mid-Atlantic pre-season workouts at Flaherty Memorial Field at 10 o'clock Monday morning.

Manager Al Milnar was due to check in from Florida today to get the Indians training table set up in the New Penn hotel, the headquarters of the players the next two weeks.

**Season Starts May 3**  
The season will swing open at Butler Thursday, May 3, with the Indians battling their perennial rivals the Butler Tigers in the first of a three-game series.

The local league lid-lifter is Sunday, May 6, and upwards of 3,000 fans are expected to take in the opener, Niagara Falls will be here for the opening home series, of three games.

The players were due to report today and Sunday from their various home scattered over the country. Milnar will count noses at 9 o'clock Monday morning, then take his squad to the field (weather permitting).

**Horne-Rossman Report**  
Among the early arrivals today from the 1950 Senators team were two popular favorites, Bill Horne, catcher, and Bernie Rossman, pitcher. Horne lives in Beloit, Wis., and Rossman in Chicago.

Stan Zedalis was slated to arrive with Milnar from Florida today. Frank Wagner from his home in Buffalo, N. Y., announced he will not report here.

Among those reporting from a distance are Chet Butler from Hagerstown, Md.; Walt Kowalski from New York City; Don Lavigne from Chicago Falls, Mass.; and Foe Fris from Corry.

From Newton Falls, O., will come Ted Toles, from Cleveland Rudy Johnston, and from Sharpville Steve Magula. Bob Domenic of Cleveland is also reporting, as is Dick Jackson from Hagerstown, Md.

The New Penn hotel will be a beehive of activity as the week-end as training quarters are established for the players.

## City Baseball League Changes Opening Date

City Baseball League decided to postpone its 1951 opening from May 6 until May 13, so as not to conflict with the opening of the New Castle Indians, at a meeting of the league Friday night at Carme's.

Commissioners for the 1951 season were appointed at the meeting. They are Fred Marcella, Harry Reith, and Dom Costello. All contracts are due into secretary Art Alexander by May 10, it was announced. Drawings for the opening games were made with the following games to be played May 13, at 2:30:

Croton vs. Lawrence Indies at Mahoningtown; DeCarbos vs. West Pittsburgh at Patton field; Wampum vs. Fees at McClelland field; Hillsville vs. Universal at Hillsville.

Next meeting of the league will be held at Carme's at 8 p.m., May 10.

## Elect Officers At Meeting Of Softball Heads

A meeting was held at the YMCA Friday evening by the managers of the city softball league and the following officers were elected to serve for the 1951 season: president, Carmen Benincase; vice president, Frank Morella; treasurer, Sam Ross; secretary, Andy Benegasi. The following commissioners were also elected: Norm Rhodes, Ted Turco, Earl Riley, McElhough, Frank Fannin and Eugene Melchore.

According to secretary Andy Benegasi, the next meeting will be held Wednesday, April 18, at 8 o'clock in the YMCA.

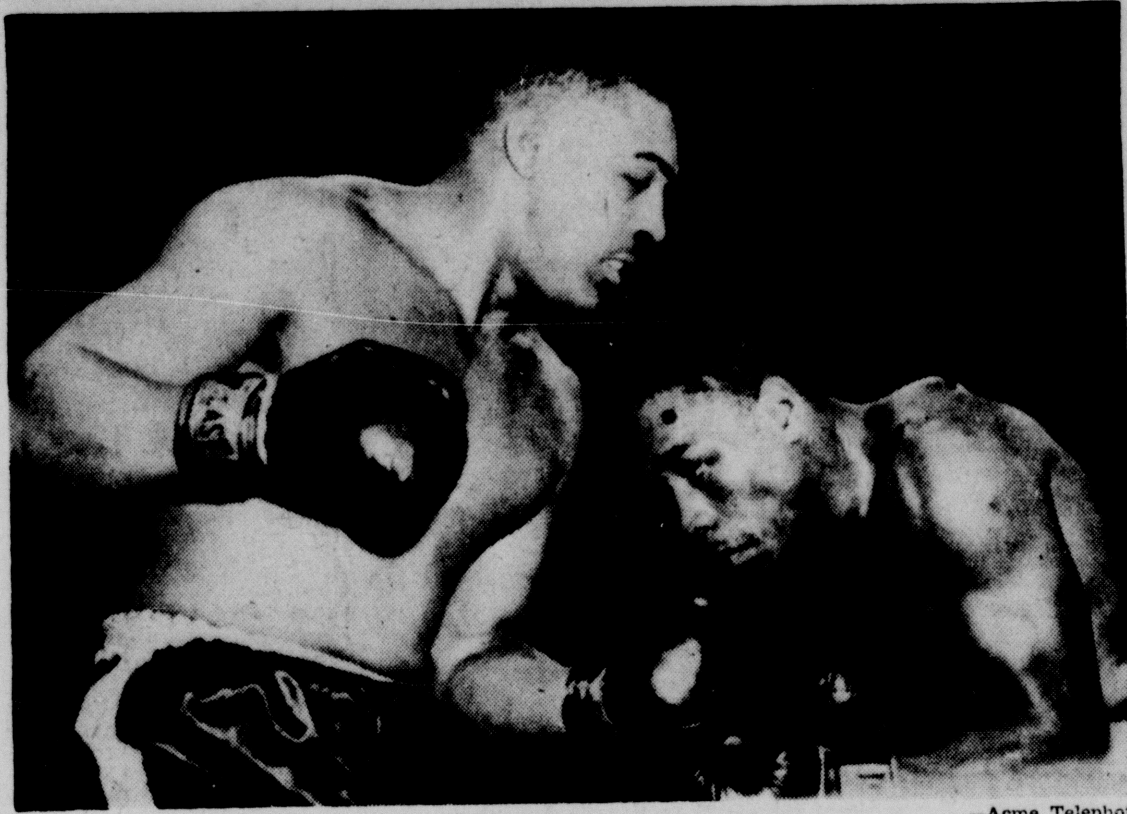

The league entries to date include Ross-Morella's, A. F. L. 261, Bossert, Hanks, Panella club and Shady-side.

Although it has been definitely decided to operate a league this year, it is hoped that the league will comprise eight teams. Teams desiring to enter the league are urged to attend the next meeting. A tentative opening date has been set for May 1.

## Pioneer Baseball Player Succumbs

ALTOONA, Pa., April 14.—(INS)—Funeral arrangements were pending today for William H. Coffman, 73, of Altoona, former baseball coach at Bloomsburg State Teachers College and Minor League player. He died in Altoona yesterday.

Coffman played for Milwaukee and Allentown baseball clubs.

**BROTHERS LOSER IN NEW YORK LAST NIGHT**—Bob Baker (left) of Pittsburgh throws a short left hook to the crouching opponent, New Castle's Elkins Brothers, during their 10-round heavy-weight bout at the St. Nicholas Arena in New York City last night. Baker who hurt both hands early in the fight, took a unanimous decision.

## Morella's Maul Mick's In YMCA Finals, 76-44

Fired-up Morella exhibited unparalleled tournament 'shooting' last night at the YMCA to capture the Cadet Tourney title, 77-44, from Mick's.

An awesome fourth quarter Morella attack netted 32 points and was so completely possessive that Mick's had control of the ball only long enough to tally four points.

The much smaller Mick's team, which was penalized early in the game when Clyde Cummins committed his third personal foul, kept hounding the Morella's with an effective zone defense and hung on to a halftime tie at 25 and a deficit of only four points, 44-40, at the end of the third period.

**Morella's Collapse**  
Mick's collapse came in general be charged to the rebound effectiveness of the taller Morella's.

When Clyde Cummins committed his third personal foul, kept hounding the Morella's with an effective zone defense and hung on to a halftime tie at 25 and a deficit of only four points, 44-40, at the end of the third period.

The first half was marked by accurate out shooting from John Swoggers and Joe Lane's twisting one-hand jump-shot success. Strehler and Palumbo took charge of the bank boards in the last quarter after Roth had more than held his own on rebounds for three periods.

**Mt. Jackson Consolation Winner**  
Consolation honors go to Mt. Jackson, who also gambed all in one quarter and won, pinning Ellwood 56-40.

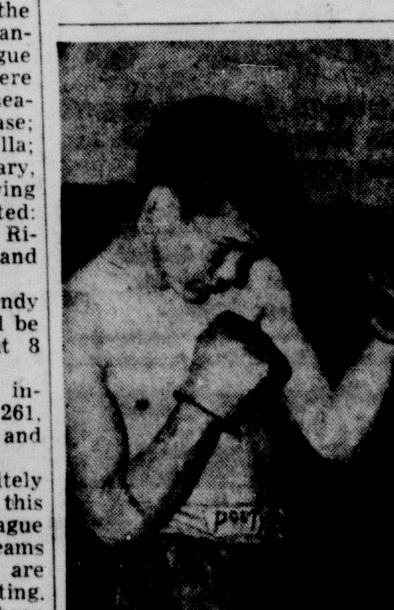

The Mounties outscored Ellwood 22-7 in the second period and held their own in the first, third and fourth quarters.

Bob McKinley and Joe Grist split 30 points to lead the Webster-coached team and Frank Smilak tallied 16 to lead Ellwood.

**Runyon Most Valuable**  
Don Runyan was named most valuable player, and in the order named, was followed by John Swoggers, Bob McKinley, Frank Smilak and Phil DeArment. These choices were made from the winning team, the runner-up, the consolation winner, the fourth semi-finalist, and the team eliminated before the semi-finals. Joe Lane and Norm Cook were honorable mention choices.

## Indians-Giants Play 6-6 Tie

Yankees-Phils Lose Exhibitions

By JOHN BARRINGTON  
(N. S. Sports Writer)

NEW YORK, April 14. — The New York Giants and Cleveland Indians who wind up their annual spring safari at the Polo Grounds today and tomorrow—are undoubtedly the hottest teams on the grapefruit circuit.

They wound up the more adventuresome phase of their training jaunt yesterday at Norfolk, Va., by playing to a 6 to 6 tie in a game distinguished by a fire that destroyed part of the wooden bleachers.

Elsewhere, rain ruined the first scheduled home appearance of the Chicago White Sox and Cubs. And at Boston, New York and Philadelphia intra-city rivalries produced such ragged baseball that some unkind souls said it might have been better if it had rained there, too.

The Athletics spanked their Shibe Park neighbors, 7 to 2. The Yankees lost to Brooklyn, 7 to 6, in a lack-lustre game that wound up with Yankee Stadium lights on. Pee Wee Reese, who stroked a three-run homer in the fifth to bring the Dodgers from a 6 to 4 deficit, was the nominal hero.

## Red Sox Win

The Boston Red Sox, perennial American League favorites, scored five in the ninth to down the Braves, 12 to 8. Ted Williams got the Sox off to a fast start with a two-run homer in the first.

The Yankees' only cause for joy was the information that 19-year-old rookie outfielder Mickey Mantle has been continued in 4-F by his draft board at Miami, Okla.

Washington defeated Baltimore, 14 to 7, in a night game.

## Globetrotters Win Game, 65-59

DENVER, April 14.—(INS)—The Harlem Globetrotters, king clowns in the basketball world, played it straight in Denver last night for a 65-59 victory over the College All-Stars.

Nearly 6,000 fans witnessed the Trotters' ninth victory in 12 meetings with the All-Stars but were disappointed that the victors were not in a capricious mood.

The Harlem quintet snapped an 11-11 tie after five minutes to walk through the rest of the game.

Don Sunderlage of Illinois, All-Star guard, was the evening's high scorer with 17 points.

## Reading Protest Upheld, Johnstown Must Share Title

HARRISBURG, April 14.—(INS)—Reading Central Catholic high school's protest against the victory of Johnstown Catholic in the Class "A" finals was upheld today by the Pennsylvania Catholic Inter-Scholastic Athletic Association.

Both schools, however, were named co-champions for the 1950-51 season. Identical trophies will be awarded each school.

Johnstown's 50-48 win April 2 was protested by Reading because the game was not played in "neutral" territory, according to the PCIAA.

The game was staged in the Cambria County War Memorial arena.

## Trap And Skeet Sunday Event

There will be a trap and skeet shoot Sunday at the Harbor Sportsman range 2 to 6 o'clock. It was announced today by Paul Crable. All shooters are invited to participate.

## Trout Season Will Open Sunday, Army Of 650,000 Anglers Ready

By AL SPIVAK  
(N. S. Staff Correspondent)

HARRISBURG, April 14.—Tomorrow will be the biggest day of the year for more than 650,000 Pennsylvania anglers.

It's the opening of trout season—and well-stocked streams throughout the state are ready for the onrush of fishermen.

"With a kind weatherman we'll have a record catch of trout this year," a Fish Commission spokesman predicted.

"In contrast to past years, trout streams haven't been molested at all prior to the season's opening," he reported.

**Predict Banner Season**  
Fishing is prohibited in all Pennsylvania waters stocked with trout from March 14 to the beginning of the season at 5 a.m. April 15.

During that month, fishing is permitted only in rivers, lakes and ponds not stocked with trout.

For that reason—but with a big "if" depending on the weather—the spokesman forecast a "banner trout fishing year."

The season will not end until July 31.

Regulations are the same as last year: a six-inch minimum size, a possession and creel limit of not more than 10 combined.

Brook trout—accounting for 46 per cent of the hatcheries' production—forms the bulk of the trout population.

Brown trout makes up 39 per cent while rainbows round out the cycle with 15 per cent.

**Anglers Warned**  
The commission warned anglers against leaving fires burning or defacing or littering property along streams.

"We have lost a lot of fishing water due to careless, reckless behavior," one official said.

Farmers and other land-owners have posted "no trespassing" signs because of past abuses. He added.

"We are gradually getting some back," he reported, "but we don't want to lose anymore."

The State Forests and Waters Department has issued a fire-warning to anglers.

"The beginning of the trout season heralds a vast exodus of sportsmen into remote and wooded areas," said Acting Secretary M. F. Drameil.

**Watch All Fires**  
Statistics indicate that fishermen, hunters and tourists cause the greatest number of forest fires throughout the state, he said.

Some of the best trout fishing in the commonwealth is found in streams flowing through approximately 1,800,000 acres of state forest land spread over 39 of Pennsylvania's counties, Drameil pointed out.

"Campfires and discarded cigarettes and pipe heels pose a fire hazard to our forests," asserted Drameil. "Each sportsman must assume his responsibility in Pennsylvania's 15 million acres of forest lands."

## Hornets-Barons Tangle Tonight

Calder Cup Finals Match In Pittsburgh

PITTSBURGH, April 14.—(INS)—Pittsburgh's inspired Hornets take on the faltering Cleveland Barons tonight in what may prove to be the deciding game in the American Hockey league's Calder cup finals.

The Hornets have won two of three against the Barons and need two of the remaining four to cap a playoff spurge which saw them sweep over two opponents in consecutive three-game sets before winning the right to meet Cleveland.

**Barons Awarded Player**  
Nick Tomiuk, former New Haven and Denver winger, has been placed on the eligibility list by the injury-riddled Barons to replace Harry Taylor, who was put out of action because of injuries suffered when he crashed into the board Thursday night.

Another loss for the Barons tonight would place them in the sorry position of trying to remain in the running by taking a victory from the Hornets on their home ice again Tuesday.

**National League Umpires Assigned For Opening Games**  
NEW YORK, April 14.—(INS)—National league headquarters released today umpiring assignments for next week's opening games.

Umpires Bill Goetz, Lou Jorda and Frank Dascoli will work Monday's Pittsburgh at Cincinnati inaugural. Tuesday assignments:

Cincinnati at Chicago, Bill Stewart, Jocko Conlan and Art Gore; St. Louis at Pittsburgh, Jorda, Dascoli and Goetz; Philadelphia at Brooklyn, Babe Pinelli, Dusty Boggess, Scotty Robb and Lon Warneke; New York at Boston, Le Ballanfant, Al Barlick and Augie Donatelli.

## Knickerbockers Defeat Royals

NEW YORK, April 14.—(INS)—The New York Knickerbockers nursed slightly re-awakened hopes today in their National Basketball Association championship playoff with Rochester.

The Knicks edged the Royals, 79 to 73, last night for their first victory in four playoff games. That triumph staved off elimination in the best-of-seven series, but it looks like a short respite.

Tomorrow the series shifts back to Rochester, where the Knicks lost the first two playoff games and haven't won a contest in three years.

The Knicks almost frittered away last night's game after breaking away to a 35-to-14 lead in the early stages. Rochester came back—with Arnie Risen doing most of the damage—to take a 69-to-63 advantage in the fourth period, but sweetwater Clifton, Ernie Vandeweghe and Dick McGuire led a belated New York victory drive.

## Sylvan Heights Golf Look Meeting Sunday

Sylvan Heights Golf League will meet at the club house Sunday afternoon at 2 o'clock. Captains or representatives of all teams wishing to enter the league should be sure and attend the meeting.

**GAME CALLED OFF**  
PITTSBURGH, April 14.—(INS)—The Pittsburgh Pirates-Washington Senator exhibition baseball game, scheduled for today in Pittsburgh, was cancelled because of rain and wet grounds.

## Waitkus Injured As Athletics Win

PHILADELPHIA, April 14.—(INS)—Eddie Sawyer's Phillies are out to even up matters today with Jimmy Dukes' Athletics in the second city series game at Shibe park. The Phils will be waiting anxiously, too, for medical reports on first baseman, Eddie Waitkus, struck by a pitched ball yesterday as the A's triumphed, 7-2.

Waitkus was hit on the right elbow in the ninth by pitcher Hank Wyse. X-rays will be taken of the elbow, the same one knocked by Brooklyn's Chris Van Cuyk at Miami on April 2.

## Ball Players Will Carry Egan To Grave

DETROIT, April 14.—(INS)—"His Boys" will be pallbearers when funeral services for Aloysius J. (Wish) Egan are held in Detroit Monday.

The boys are members or former members of the Detroit Tigers discovered by the veteran Tiger scout who died yesterday in Ford Hospital at the age of 68.

The pallbearers will be Johnny McHale, Dick Wakefield, Hoot Evers, Ted Gray, Paul Trout, Joe Ginsberg, Neil Berry, Johnny Lipon, Saul Rogovin, Pat Mullin, Hal Newhouse, Johnny Groth, and Ray Herbert.

**DeCARBO'S POSTPONE**  
DeCarbo Bombers baseball team of the City Baseball League will not practice Sunday, due to the weather, it is announced by manager, Carm DeCarbo. Players will be notified when practice will be held.

Edwin Morgan, former manager of the Youngstown Athletics, bat-ged 399 and hit 12 home runs for Welch of the class D Appalachian league in 1950.

### Strickler Is First To Register For State Convention

The first registration to be sent in from Lawrence county for the 89th Convention of the Pennsylvania State Sabbath School Association to be held in Altoona October 9, 10, 11, was by a former county president, Robert M. Strickler, Jr. The advance registration card was mailed him by Julian F. Ulmer, convention registrar, and was returned today.

The first state convention Mr. Strickler attended was held at the Syria Mosque, Pittsburgh, in 1917. With three exceptions he has attended every state convention since. During that period, three of the state conventions have been held in New Castle, the years 1927, 1936 and 1946.

The last state convention held in Altoona was in 1931, but the convention held there before in 1921. Mr. Strickler especially remembers the late Percy L. Craig of New Castle, was state president and he had a former state president, John Wanamaker, the "Merchant Prince" of Philadelphia, as his guest to speak at the opening morning session.

As Mr. Craig had appointments for the afternoon, he requested Mr. Strickler to act as escort for Mr. Wanamaker for the afternoon. This he did taking him to speak to the Chamber of Commerce, and one or two other places. When they later sat down to a chat, Mr. Wanamaker related early experiences at the beginning of his mercantile career.

Mr. Strickler said that he hoped there would be a good delegation from Lawrence county to the state convention in Altoona next October.

### Betty Hileman At College Convention

Miss Hileman is an instructor at Lake Forest college.

### Tri-County Coaches Have Annual Meeting

At a Harlansburg dining room, the Tri-county coaches of Lawrence, Mercer and Butler counties had their annual meeting on Thursday evening.

The following officers were elected for the coming year: president, Robert Eagleson, of New Wilmington; vice president, Edward Nahas, of Shenango school; secretary-treasurer, Glenn Matthews, of East Brook.

### Try And Stop Me

By BENNETT CERF

A pupil of Rossini, notes George Marek, brought the master a composition and said, "Maestro, I wrote this march in honor of Beethoven's death. What do you think of it?" Rossini studied the composition carefully and sighed, "If only you had died and Beethoven had written the march!"
